

# Garda protection.

# Don't you think you deserve some?

The Job. It can mean dealing with some pretty nasty customers. Germs, bacteria, spores and viruses to name but a few. And they get everywhere: the patrol cars, the vans, the offices, cells, interview rooms and even the staff canteen. The only way to keep these places truly clean is to use STERI-7, a specialist multi-function biocidal cleaner that helps you save money as well giving you the peace of mind that comes from knowing that you're giving your officers and civilian staff the best biocidal protection on the market.
